Remove fine particulates, mites, microbe, bacterial.

Cold Catalyst filter

Adsorption of formaldehyde, benzene, TVOC.

Antibacterial filter

Ultraviolet Sterilize Light

Rapidly kills viruses and bacteria.

Filter large particles of dust, washable

Aluminum Filter

Honeycomb Activated Carbon Filter

Rapid adsorption odor, decomposition of formaldehyde, benzene, ammonia, second-hand smoke.

High Efficiency HEPA Filter

Eliminates mold, dust, allergens and bacteria.

Anion Purification

Improves air quality, multiple health benefits.
